About Your Legal Plan

Cohen, Feeley, Altemose & Rambo, P.C. has been successfully representing residents of the Lehigh Valley and Eastern Pennsylvania for more than 30 years.

Our firm recognizes that your choice of a lawyer may be one of the most important decisions you ever make. The quality of representation could mean the difference between success and failure of your legal matter. You want a good lawyer but may not know how to choose one, or whether you can afford the lawyer of your choice.

Our firm understands this dilemma and created this Legal Plan in an effort to solve it for you. The purpose of the Plan is to provide you with access to quality representation at an affordable price.

Who Is Covered?

The Legal Plan covers you as the primary member, and if applicable, your spouse or domestic partner, your children, grandchildren, your parents, grandparents, your siblings and their children.

How Does The Legal Plan Work?

Our firm will provide representation to any covered individual in the areas in which we practice at a discounted rate. For those legal matters outside of our areas of practice, we have identified local attorneys who have expertise in the particular legal matter to whom we will refer you. These attorneys have agreed to provide their services to covered individuals at an agreed upon discounted rate.

How Do I Obtain Representation?

If you believe you need a lawyer, you simply call us at (610) 625-2100, provide your name, Member ID number and Legal Plan Group Name. The firm has representatives who are available to speak with you 24 hrs a day, 7 days a week.

Is There a Fee for Inquiries or Initial Consultation?

No. There is no charge for your initial inquiry or face-to-face consultation with a participating lawyer for any legal matter. It does not matter whether the lawyer will charge an hourly fee or contingency fee where the attorney receives a percentage of the recovery.

What Legal Services are Offered and What Will I Be Charged?

The chart on the opposite page lists the legal services covered by the Plan and the fees charged for those services, or fee discounts, where applicable.

What If The Legal Services I Need Are Not Covered By The Plan?

If you require legal services not covered by the Plan, our firm will assist you in finding a lawyer to represent you, at no charge.

For All Matters on Contingency Fee, Who Pays The Cost?

For all contingent fee matters, the lawyer will advance the costs of the case on your behalf. If the lawyer is not successful in obtaining a recovery for you, you will not be charged any fees or costs. If the lawyer is successful, you will reimburse the costs incurred by the lawyer out of your recovery only. Therefore, you have no financial risk.
